

2022 GeoAsia7 Conference & IGS 1st Young Engineers Conference Program (Draft)

Time/ Date	October 31 th , 2022 (Monday)	November 1 st , 2022 (Tuesday)	November 2 nd , 2022 (Wednesday)	November 3 rd , 2022 (Thursday)	November 4 th , 2022 (Friday)		
08:30 ~ 17:00	Registration						
08:30 ~ 12:00	Young Engineers Conference Opening Ceremony 09:00~09:10	EXHIBITIONS	Opening Ceremony 09:00~09:30	Keynote Lecture II Applications of Geosynthetics in Dams and Evaluation of Their Long-Term Behavior Daniele Cazzuffi, Italy 08:30~09:30	EXHIBITIONS	Invited Lecture I Retrofitting of Distressed Divide Bund of a Dam for Taking Dynamic Water Forces: Case Study of Ukai Dam, Gujarat, India, Mr. Vivek P. Kapadia, India 08:30~09:15	Technical Tours: 1. Fo Kuang Unive~rsity GRSW project. 2. Construction of the Daijiang Bridge
	Keynote Lecture I Geosynthetics - Sustainable solutions for transportation infrastructure development Prof. Chungsik Yoo, Korea 09:10~10:10		Tatsuoka Lecture Geosynthetic-reinforcement and its combination with other methods for soil retaining walls to resist against large seismic loads Prof. Junichi Koseki, Japan 09:30~10:30	Keynote Lecture III Sustainable/Green Characteristics of Geosynthetics Structures, Dr. Nelson N.S. Chou, Taiwan 09:30~10:30		Invited Lecture II Unsaturated Geosynthetics: a promising intersection for unsaturated soils and geosynthetics Prof. Abdelmalek Bouazza, Australia 09:15~10:00	
	Coffee Break 10:10~10:30		Coffee Break 10 : 30~11 : 00	Coffee Break 10:30~11:00		Coffee Break 10:00~10:30	
	Young Engineers Conference Session 1 10:30~12:00		Keynote Lecture I Geosynthetics in Geoenvironmental Engineering: The challenge of bringing knowledge and practice into harmony, Kerry Rowe, Canada 11:00~12:00	Keynote Lecture IV Development of Geosynthetic Reinforced Soil Abutments and Integrated Bridge System in China, Prof. Chao Xu, China 11:00~12:00		Corporation Case Competition (102) 10:30~12:00	
12:00 ~ 13:00	Lunch	Lunch	Lunch	Lunch	Lunch		
13:00 ~ 17:30	Keynote Lecture II Innovative geosynthetics coastal protection solutions for adaptation of climate change Prof. Soon-Hoe Chew, Singapore 13:00~14:00	EXHIBITIONS	Parallel Sessions I (1-3) 13:00~14:30	Parallel Sessions IV (10-11) 13:00~14:30	EXHIBITIONS	Keynote Lecture V supported by TC-H Geosynthetics in Canals Applications and Performance Dr. Jean-Pierre. Giroud, France 13:00~14:00	
	Young Engineers Conference Session 2 14:10~15:40		Parallel Sessions II (4-6) 14:40~16:10	Parallel Sessions V (12-13) 14:40~16:10		Keynote Lecture VI Influence of the Degree of Saturation on Soil Compaction and Soil Stiffness Prof. Fumio Tatsuoka, Japan 14:00~15:00	
	Coffee Break 15:40~16:00		Coffee Break 16:10~16:30	Coffee Break 16:10~16:30		Coffee Break 15:00~15:30	
	Young Engineers Conference Session 3 16:00~17:30		Parallel Sessions III (7-9) 16:30~18:00	Parallel Sessions (14-15) VI 16:30~18:00		Closing Ceremony 15:30~16:30	
18:00 ~ 21:00	Welcome Reception & Exhibitions Opening		Gala Dinner 18:30~21:00	2022.10.05
